SX Series

*One to Seven Axle
Side Dump Trailer*

The SX series is the most versatile of our trailers; it can haul virtually any product from fine materials to adverse payloads.

SmithCo trailers lead the industry in side dump technology. Being the best isn't a one-time achievement; we are always on the lookout for ways to make our trailers better, so you can get more done in a day.

*Three Axle
Side Dump*

SX3

SX1 ◊ SX2 ◊ SX3 ◊ SX4 ◊ SX5 ◊ SX6 ◊ SX7

Stockpile or windrow ◊ Dumps to either side ◊ Low load height

SX6

*Six Axle
Side Dump*

Liftable/steerable axles ◊ Superior load distribution ◊ GVWR up to 108,500 lbs.

*Seven Axle
Side Dump*

SX7

40-ton haul capacity ◊ AR450 steel tub ◊ GVWR up to 127,000 lbs.

MHVSR

*Medium High Volume
Semi Round Tub*

Low-density, high-volume payloads  Watertight; no leaks
Multiple axle configurations available

*Super High
Volume Tub*

SHV

Wet, low-density payloads  Largest water-level tub capacity
Multiple axle configurations available

CP

*Construction
& Ag Pup*

20- or 30-ton capacities ◊ Off-road construction and Ag
Construction grade or flotation tires ◊ Can pull in train

Feedlot

Wet, low-density, high-volume payloads
Dual product hauling ◊ Efficient haul cycles

Switch to

Looking for a solution to dangerous and costly end dump tip-overs? Or looking to haul more efficiently and increase profitability?

Make the switch to SmithCo.

Haul more efficiently.

Faster cycle times and the ability to dump on the go help you get more done in a day.

Increase safety.

No backing up; better sightlines improve accuracy and **safety**.

Dump with stability.

Unload by tilting to the side for greater stability during the dump cycle.

Stay in the cab.

No-touch unloading makes for faster windrowing and stockpiling.

Increase profitability.

No hidden costs and highest resale value add more to your bottom line.

Built to last.

Our rigorous engineering and testing keeps your trailer out of the shop and on the road.

TMB *Truck Mount Boxes*

Easier transport
Fully functional side dump ◊ Mounts to truck or tractor chassis

*A-Trains &
B-Trains*

Trains

Large selection of configurations
For any model ◊ Location-specific customization

Mine

*Tipper
Trailer*

100-ton capacity ◊ Heavy haul units for off-road
Air ride or hydraulic suspensions ◊ Available in A & B train configurations

*Double Tub
Side Dump*

Mine

80-ton capacity per trailer ◊ Custom built
Makes satellite mines feasible ◊ Available in A & B train configurations

SmithCo

*Stronger, Lasts Longer,
Highest Resale Value*

Our Vision – To deliver the highest-quality, most innovative side dump trailers.

Our family of side dump models should help you find the right solution for your hauling needs. SmithCo's custom manufacturing capabilities will ensure you are working in the safest and most efficient manner.

Our team's exceptional talent, superior manufacturing process, and unmatched customer support makes SmithCo trailers the preferred choice among haulers.

For 30 years, we have been engineering and producing the most durable, innovative trailers for superior stability, easier unloading, and faster cycle times than conventional end and side dump trailers.
